Winners of Qorus-Infosys Finacle Banking Innovation Awards 2026 Announced

The 13th edition of awards recognized 37 financial institutions across ten categories for next-gen banking innovations

Bengaluru, India and Paris, France – October 29, 2026

Infosys Finacle, part of EdgeVerve Systems, a wholly-owned subsidiary of Infosys (NSE, BSE, NYSE: INFY) and Qorus, a global association for retail financial institutions, announced the winners of the 13th edition of the Qorus-Infosys Finacle Banking Innovation Awards. Winners were felicitated in an award ceremony, conducted as part of the Infosys Finacle

Conclave 2026, the company's annual leadership conference for the banking and financial services industry, in Rome, Italy.

In this year's edition of the awards, 538 projects were submitted for evaluation by 206 financial institutions from 68 countries. Winners were selected across ten categories: Business Model Innovation, Product and Service Innovation, Business Banking Innovation, Predictive, AI-led Value Creation, Operational Transformation, Customer Experience Innovation, Social, Sustainable & Responsible Banking Innovation, Modern Tech Innovation of the Year, Neobank and Fintech Innovation, and Transformative Innovator of the Year. The selection process involved voting by a community of industry peers combined with evaluation by an expert jury panel of 81 senior global banking executives.

The complete list of the recognized banks and details of their award-winning banking innovations is available here.

John Berry, Chairman, Qorus said, "This year's edition was an inspiring demonstration of innovation across the banking industry, bringing together institutions from around the world to showcase initiatives that are shaping the future of financial services. The evening was filled with valuable insights and clearly demonstrated that we are at the dawn of a new era, where AI is becoming an integral part of nearly every initiative —transforming them and pushing the boundaries of what is possible."

Sajit Vijayakumar, Chief Executive Officer, Infosys Finacle, said, "Across the world, banking is evolving for an era where intelligence is pervasive, engagements are real time, and value is increasingly created across connected ecosystems. In response, leading institutions are transforming how they engage, operate, and grow. At Infosys Finacle, we inspire better banking by helping turn these ambitions into

technology-led innovation that delivers meaningful outcomes for people, businesses, and communities. The 2026 Qorus–Infosys Finacle Banking Innovation Awards showcase how banks are moving beyond experimentation and applying AI, data, digital platforms, and new business models to generate measurable impact at scale. We are proud to celebrate this year's winners at Finacle Conclave 2026 as they set new benchmarks for the industry and help define the next era of financial services."

About Infosys Finacle

Finacle is an industry leader in digital banking solutions. We are a unit of EdgeVerve Systems, a wholly-owned product subsidiary of Infosys (NSE, BSE, NYSE: INFY). We partner with emerging and established financial institutions to help inspire better banking. Our cloud-native solution suite and SaaS services help banks engage, innovate, operate, and transform better to scale digital transformation with confidence. Finacle solutions address the core banking, lending, digital engagement, payments, cash management, wealth management, treasury, analytics, AI, and blockchain requirements of financial institutions. Today, banks in over 100 countries rely on Finacle to help more than a billion people and millions of businesses to save, pay, borrow, and invest better. For more information, visit www.finacle.com.

Safe Harbor

Certain statements in this release, including those concerning our future events, future growth prospects, our future

financial or operating performance and our offerings and collaborations are “forward looking statements” intended to qualify for the 'safe harbor' under the Private Securities Litigation Reform Act of 1995. Such forward-looking statements are based on our current expectations, assumptions, estimates and projections about the Company, our industry, economic conditions in the markets in which we operate, and certain other matters. These forward-looking statements are subject to substantial known and unknown risks, uncertainties and other factors, that could cause actual results or outcomes to differ materially from those implied by such forward-looking statements. Important factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements include, but are not limited to, risks and uncertainties regarding the execution of our business strategy, increased competition for talent, our ability to attract and retain personnel, increase in wages, investments to reskill our employees, our ability to effectively implement a hybrid work model, economic uncertainties and geo-political situations, technological disruptions and innovations such as artificial intelligence, the complex and evolving regulatory landscape including immigration regulation changes, particularly in the United States, our Environmental, Social, Governance (“ESG”) vision, our capital allocation policy and expectations concerning our market position, future operations, margins, profitability, liquidity and capital resources, our corporate actions including acquisitions, cybersecurity matters, the outcome of pending litigation and the US government investigation, and the effect of current and future tariffs. These and additional factors that may cause actual results or outcomes to differ from those implied by the forward-looking statements are discussed in more detail in our US Securities and Exchange Commission filings including our Annual Report on Form 20-F for the fiscal year ended March 31, 2026. These filings are available at www.sec.gov. In light of these and other uncertainties, you

should not conclude that the results or outcomes referred to in any of the forward-looking statements will be achieved. Infosys may, from time to time, make additional written and oral forward-looking statements, including statements contained in the Company's filings with the Securities and Exchange Commission and our reports to shareholders. The Company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the Company unless it is required by law.
